## Dedication

*By* JENNETTE BAGNELL

**T**O Miss Moore, our worthy class-adviser, we dedicate this issue of *Senior Memoirs*. She won the appreciation of every member of the class when she remembered each of us with a greeting at Christmas time. This and many other acts of friendliness are stamped on our memories as symbolic of her sincerity. Her encouraging smile has raised the spirits of many pupils. I can speak for the entire class when I say that we have found a warm spot in our hearts for Miss Moore. Her patience and industry as class-adviser and her omnipresent calm as a teacher of typewriting must live on in the memories of her students, her committces, and her colleagues.

## Senior Class History

By JACQUELINE FOSTER

IT was an awed, confused freshman class that entered B. H. S. in the fall of 1935. A new faculty, refractory lockers, bewildering corridors, and above all, those lofty and most esteemed upper-classmen terrified us into silence.

Our first important activity in conjunction with the upper-classmen was the inter-class dramatic competition. We presented the farce, *A Trysting Place*, by Booth Tarkington. Andrew Oberg won the award for giving the best performance.

The results of the sophomore election, held late that year, were: President, Thomas Brothie; Vice-President, Barbara Wallace; Secretary, Helen Janotta; Treasurer, Mabel Christopher.

On December 2 of our junior year we again took part in the Drama Night Competition. We presented a serious drama, *The Eldest*, by Edna Ferber. The splendid acting of the whole cast won us the banner for the best performance of the evening. Emily Taylor, who played the leading role, did a fine piece of work, and justly deserved the award for the best individual acting.

According to custom, at the senior assembly, several members of the junior class were inducted into the Gamma Chapter of the National Honor Society. Those who were given this great honor were: Priscilla Bresnahan, Mabel Christopher, Barbara Cole, Jeannette Ducharme, Jacqueline Foster, William Glovsky, and Patricia Preston.

Last year, for the first time, the President and two members of the Student Council were elected by popular vote. Thomas Brothie was elected President, William Glovsky, Vice-President; Jeannette Ducharme, Secretary; Mabel Christopher, Treasurer. The two class representatives on the Student Council, also popularly elected were Jennette Bagnell and Wallace Weeks. William Glovsky was chosen Class President for our Senior Year. The other officers elected were: Barbara Wallace, Vice-President; Shirley Anderson, Secretary; Mabel Christopher, Treasurer.

After the summer vacation came the long anticipated, yet much dreaded Senior Year, the busiest and most hectic year of all. At last members of the esteemed Senior Class, we took upon ourselves most of the responsibilities of our school organizations.

Thomas Brothie, President of the Student Council, presided at all the Assemblies. Wallace Weeks, editor of the *Aegis*; Edgar Eldridge, President of the House of Delegates; Cheever Cressy, Captain of the Safety Patrol; and Joe Benedetti, Captain of the Football Team have been very active in their respective duties.

Our first Senior Social was a Barn Dance held in October. Bud Kilham's orchestra, attractive decorations, and many novelty dances made the affair a huge success.

This year our contribution to the annual Drama Night Competition was *Command Performance* by Jack Stuart Knapp. Eliot Tozer was awarded the prize for the best individual performance.

As we look back, we can see many changes that have taken place in our four years at B. H. S. We are the last class to spend four years in High School and the first class to elect the President of the Student Council by popular vote.

## Senior Class Prophecy

By WALLACE WEEKS—AIDED AND ABETTED BY IRENE GODBOUT

WELL, here we are in the year 1949 eager to discover what changes ten short years in that Irresistible March have wrought in the lives of the illustrious Class of '39. Ah, they were as merry a crew as ever knocked an armload of books out of a Freshman's hands. Yes, yes. We were the first class that ever was kept back in the kindergarten. Enough of this idle reminiscing. Let us to the task. It seemed to us that a newspaper-clipping bureau would be just the place to obtain information about our Problem Children. We were right. The bureau furnished many items concerning members of the Class of '39 and their escapades.

Shirley Anderson is the Librarian at Doble's Lending Library.

Bob Tindley goes around in the best of circles. He's a six-day "bike" racer.

Emily Taylor is now a passport photographer. Drop in sometime and have your picture "taken". I assure you, it will be your "photo finish."

Fred Pasquarelli is now a sports commentator. His specialty preis dicting the results of sports contests.

"Jack" Foster completed Normal School and then taught in Beverly for a few years. She is happily married now and idolizes her husband. At least, she puts burnt offerings before him three times a day.

Priscilla Bresnahan operates a health resort for run-down alarm clocks.

Robert Briggs is on the radio with his own program. It originates down in Kentucky and is known as, *We uns, the People*.

Dan Ginty is now riding for the Whitney Stable at the Revere Beach Merry-go-round.

Tom Brothie joined the French Foreign Legion to forget.

Bill Glovsky is a fireman on the Streamliner between Peoria and Waukegan.

Helen Janotta is an air-stewardess on a Loop-o-Plane.

Alfio Corelli is playing second fiddle in the Unfinished Symphony Orchestra.

Mary Conway is an instructress at the Beverly Farms Tennis Club. What a racquet!

Joe Benedetti is a Life Guard. He's better known as "The Wizard of Lyons Park."

Alyce Dunean is a comedienne in the Fun House at Revere Beach.

Phyllis Kenney is a telephone operator on the dial telephone. She's the third click in the second row.

Stanley Woodbury is a draftsman. He opens and shuts windows.

June Rogers works for Scribner's repairing split-infinitives.

Nellie Charezun is a cook. She specializes in cold shoulders.

Charlie Gordon is a banker. He owns a string of Penny Arcades.

Peter Christopher is a garage mechanic. His official title is Tinsmith.

Leonard Tormey is a soldier. Surely you've heard of the Norman Conquest.

Edith MacKenzie is with the Metropolitan—she's an usherette.

MaryBurke is a journalist. She writes the columns, *Delicate Love Recipes* and *Advice to the Homemakers*.

Charles McCullough is so famous that two cities are arguing over his birth-place.

Beverly claims he was born in Salem, and Salem claims he was born in Beverly.

Elmer Hatch is accepted as the World's Wrestling Champ in 36 States and also in Maine and Vermont. The motto of his opponents is, *Down the Hatch*.

Jack Shea is now a professional magician. He makes Blue-Plate Specials disappear.

Leo Hansbury recently received the No-bell Prize for writing the best knock-knock of 1949.

Verna Hubbard has finally bought the Beverly-Salem Bus line. A nickel saved is a nickel earned.

John Sullivan is now singing in Metropolitan Opera. Every so often he changes from the high C's to the high seas for a sail in the "Jane".

Preston Thompson is attempting to circle the earth à pied. Thumb fun!

Wilbur Teague has opened a matrimonial agency and date bureau. The trouble is that all the feminine applicants fall for Wilbur.

William Matthews has a training school for ghost-writers. He goes crazy trying to take attendance.

Barney Rantz has opened a night club. The *Pass*-word is Touchdown.

Barbara Glass is a sob-sister on a Metropolitan Daily. Perhaps you've read her recent article, "After the Bawl is Over."

Joe Nickerson is an expert at riddles. His latest is: If it takes one man three days to do a piece of work and another man four days to do the same piece of work, how long will it take the two men working together?

Doris Norman won the Cash Parlay at the Ware after trying for five years.

Albin Olszewski sells suspenders for a nation-wide concern and reports that in spite of the depression, his business is holding up well.

Frances Cronin is another literary light. Her latest hysterical novel is: *Topper Takes A Trip*, (or, Who left that mop in the doorway.)

Betty Woodberry is Poetry Editor of the Boston *Transcript*.

Mabel Christopher  
and

Jeannette Ducharme are touring the country with a Major Bowes Unit. They were last heard of doing one-night stands at whistle stops in the middle-West.

Barbara Wallace went over to the Olympics in 1948. She won the rolling-pin throw.

Aldo Montevicchi played Chopin recently at Town Hall. Chopin lost.

Bill Wiseman spends most of his time investigating famous events, trying to discover little known facts about well-known persons. He recently came up with the answer to the hop of "Wrong-Way" Corrigan. He wore a reversible coat.

Milton Gershaw is a great painter. He paints the signs along the streets—

THROUGH WAY ENDS HERE.

Andrew Oberg has found a truly unusual job. He sells hair tonic to bald-headed Eagles.

Eliot Tozer has recently hung out his shingle as M.D.

Melvin Goldberg owns a farm out in Nebraska and raises corn.

Edgar Eldridge won the Ski-Jump in the Olympics of 1948 with a leap of 29 meters. The meters were donated by the Gas Company.

Dominick Massa is a Bouncer in Barney Rantz's Night Club. He threw out the Indian Rubber Man who bounced so long that he starved to death.

Clifton Knowlton — Speaking of *Indian Rubber Man*, "Babe" is traveling with Ringling Bros. where he's billed as the Bouncing Czech.

Alice Webster is a magician's assistant. She gets sawed in half at every performance. Knife work if you can get it!

Ruth Peterson is a successful novelist. Her specialty is the mystery story. Her most recent effort is called *Gone With the Wind or Bring Back My Bonnet to Me*.

## Chronological Events

- Sept. 7. Long before 8:15 hordes of eager pupils swarm about the portals of our Alma Mater, eager, of course, to show off their vacation tans and to renew old acquaintances. Their primary concern, however, is to accumulate a stack of books and to start digging into their mysterious contents.
12. Every day now the members of the football squad sprint buoyantly over to the athletic field.
13. At the Sophomore Assembly, Mr. Pierce warns the cute little green-horns not to take on too many clubs and extracurricular activities.
15. The homerooms after serious contemplation, judiciously choose diplomats for the House of Delegates.
17. At the initial game of our difficult football schedule the local heroes romp over our friends on the Danvers team, leaving a score of 7-0 for the records.
24. The playing of the Orange and Black team is superior to that of our visitors from Newburyport, but several fumbles and an intercepted pass tilt the score in their favor, 13-12.

25. The school is entertained and inspired by a lecture by Mr. Duckett who was stricken blind at the age of twenty-five.
- Nov. 1. About this time the Sophomore necks are straightening out; they no longer have to sneak peeks at the door numbers.
5. Paul Fiore receives a shining crown of glory when he dashes 80 yards for touchdown, tying Rindge Tech.
10. The first quarter ends, much too quickly. Fifty-two students crash the Honor Roll. We less fortunate ones are happy for them, but their cleverness doesn't help explain our report cards.
10. A very impressive Armistice Day Assembly. *Salvage*, a one-act play, is presented.
11. Marblehead rings our curfew by intercepting a lateral pass and making the deciding goal. The score 13-6.
18. The blushing buds, wailing wall flowers, and boring beaus make their debut at the Junior Social.

*Treasurer*—MABEL CHRISTOPHER  
*Adviser*—MISS WHALEN

**T**HE Student Council acts as the upper house of Congress, roughly comparable to the United States Senate, and also interprets the regulations of the Beverly High School Congress.

The Council in addition directs the publicity of our annual Dramatic Competition, holds the elections for the Sophomore Class, and through the various committees co-operates with the faculty in the assembly programs, cafeteria problems, and other matters. Each year the Junior members with the aid of the officers, publish the school handbook, *The B-Hive*.

Recently the Council started a scrap book. In this book will be kept clippings and mementos of the school activities. In connection with this an archives shelf is being inaugurated where miscellaneous material of interest to future students may be filed. It is our hope that this feature will prove valuable to the school.

The Council is made up of eight Seniors, six Juniors, and six Sophomores elected from the classes at large by popular vote. These retain their place in the Council for the duration of their school membership.

## House of Delegates

*President*—EDGAR ELDRIDGE

*Vice-President*—PRESTON THOMPSON

*Secretary*—ANNA DICICCO

THE House of Delegates is “the voice of the student body” comprised of popularly elected representatives from the home rooms.

The purpose of this organization is to aid in maintaining and improving school spirit, school standards, and school policies. Through this organization, individual pupils may present their questions, suggestions, or grievances. Each is given careful consideration.

In recent years this organization has been instrumental in securing our present school song; in raising money and purchasing our first motion picture machine; in creating interest in securing dark curtains for the assembly hall until they were finally made possible through a class gift; in reorganizing the plan of cafeteria supervision, and in introducing the honor study hall. Two of their most recent bills have resulted in a more democratic method of electing both Student Council members and class officers.

The organization serves as a clearing house for ideas; and although some are found to be either impractical or untimely, many worthwhile suggestions have found their way into the activities of the school.

This year, as in past years, the student delegates have worked conscientiously in the interests of the students whom they represent, and the school of which they are members.

## Safety Patrol

**T**HE personnel of the Safety Patrol is chosen from those pupils having a higher than average scholastic record, and who show favorable signs of leadership. In serving on the Patrol, the chosen pupils are presented with an unusual opportunity for leadership training as they aid their classmates in orderly passing.

The activity of the Safety Patrol is not confined, however, to duty in the corridors. The officers' additional duties are: ushering at school assemblies and plays, and aiding at fire drills.

This year the Patrol has been provided with new badges in the form of large black and orange pins. The design for the pins was drawn by Mabel Christopher, a member of the Patrol.

ONE of the larger clubs this year is the Glee Club with a membership of eighty students. Under the direction of Mr. Freeman H. Garniss the Glee club has added much musically to the assemblies.

The club made a public appearance on December 31, 1938, at the Briscoe School for the Chamber of Commerce, Boost Beverly Concert.

## B. H. S. Orchestra

THE Orchestra meets regularly each Thursday morning during the activity periods. This year the Orchestra and several soloists have played at the Inauguration ceremonies, at the Briscoe Exchange Assembly, on Parents' Night, and Drama Night. Of course, the members have played at many of the school Assemblies.

FOR the first time this year the Band has met during school time. It is no longer classified as an extra-curricular activity but as an elective subject for which credit is given. Every Tuesday when an Assembly is not scheduled, the boys meet in Room 312.

The Band has participated in all football games, at several Assemblies, and the Armistice and Memorial Day Parades.

## Dramatic Club Highlights

*President*—JOSEPH QUINN

*Vice-President*—EMILIE WRIGHT

*Secretary*—MARY CONWAY

*Assistant Secretary*—JACQUELINE FOSTER

*Treasurer*—BETTY BEECH

*Chairman, Program Committee*—MARGARET KILCOYNE

THE Dramatic Club started an active year by presenting two amusing skits entitled *A Chatter Barrage* and *Millie and Tillie in New York*. At the October meeting over twenty different exercises in pantomime were given by club members. *Still Alarm*, a comedy with an all boy-cast was offered later in the fall. Also a make-up demonstration by the special class in that important art revealed secrets to the members. Two short plays, *A Pair of Lunatics* and *Cleaned and Pressed*, were later enjoyed. This year Mr. Hines, a well-known dramatic interpreter, presented *Lord Cholmondely*, written by Cecile de Mille and David Belasco. The other outside guest of the Club was Mr. Waldemar Wysoeki, who spoke of the importance of practice and rehearsal. A serious one-act-play, *Last Flight Over*, was presented in February. A puppet show, and a comedy, *The Ace is Trumped* were the programs for April and May. The annual tea dance was the closing highlight of the year's activities.

The directing and makeup of these plays were in the hands of different members assisted by the Club's sponsor, Miss Cronin. Much credit and thanks are due the Stagecraft Club for arranging the scenery and lighting for all these dramatic presentations.

This year, a three-piece wicker suite was purchased by the Club for school plays.

A new departure for the Club this year was the presentation of a comedy, *A Wedding*, at the Briscoe Junior High School. This experiment was thoroughly enjoyed by the cast, property and stage managers, and make-up committee.

These various activities interested nearly three hundred followers of the Dramatic Club during the season of 1938-1939.

## Radio Club

*Chief Engineer*—CHARLES DAY

THE Radio Club provides an opportunity for boys interested in radio technique to gain practical experience in operating equipment in actual use. At all assemblies, the public address system is used, to re-enforce speech; and at basketball games to provide music. In the meetings, lectures are presented on the theory of radio, including the electron theory, the operation of vacuum tubes, power-supply circuits, and the design of our own amplifier. Many members have made comprehensive studies of radio and have developed an interest in amateur radio, two having received government radio operator's licenses. Former members of the club are attending, or have graduated from, the best radio and television institutes in the country. The basic training offered by this club enables its members to find worthwhile positions in modern radio.

## Stagecraft Club

MR. GARNISS—*Advisor*

THE Stagecraft Club, under the sponsorship of Mr. Garniss, this year has been made up of an enthusiastic group of sophomores with an older member, John Olsen, furnishing experience and leadership.

The Club, as is its custom, has furnished appropriate sets for various assemblies and Dramatic Club meetings. Some of the highlights of the Club's work this year have been the Armistice Day presentation, with its stylized background for a military cemetery and, Drama Night, when the Club met successfully without long pauses in the program, the problem of creating in order a modern home, and Indian potentate's palace, a modern bookshop, and the interior of a jail warden's office. Much credit for the smoothness and speed of this work was due to the invaluable assistance of the Vocational School instructors, who helped solve several serious technical difficulties.

The Club roster includes John Olsen, Murray Obear, Willis Levis, Robert Jacques, Roland LaMontagne, Walter Thomas, Lawrence Coult. They worked with interest on the Hospital Aid entertainment, always an elaborate presentation, from the staging point of view, and have enjoyed assisting various outside organizations with their presentations.

## Le Cercle Francais

**L**E CERCLE FRANCAIS has made much progress during this year. With the help of our sponsors, the French teachers, our committees have planned many varied programs.

The purpose of our club is to become more familiar with the customs and languages of the French people. To accomplish this, we speak almost entirely in French, and have meetings devoted to the different phases of French life.

This year we have also gone, as a group, to several French Movies at the Fine Arts Theater in Boston. Thus we have heard French as it is spoken in France, and have also seen the habits and surroundings of the people.

*Consuls*—MARY HOPKINS, GORDON ESSLER

*Censor*—JANET WALLIS

*Aediles*—BERTRAM GLOVSKY, Chairman; FRANK CRONIN,  
 CAROLYN MURPHY

**T**HIS year, as in former years, the objective of the Beverly High School Latin club has been to increase interest in the classics. The programs at our meetings have been the principal means of accomplishing our purpose. We have striven to create programs that are not only educational and instructive, but entertaining as well. These programs have included plays, competitive games, talks, and group discussions. All members have taken active part in planning and carrying out these programs. By creating this opportunity for students voluntarily to become familiar with the alluring history and life of Romans, who did so much for our present day civilization, we take a great stride towards furthering our purpose. We have conducted social gatherings at Christmas and Valentine parties, when we entertained our members, and spread the value of Latin.

If someone has been convinced by our efforts of the benefits of the classics, we shall know that our year has been successful.

## Commercial Club

*President*—PAUL SHEA

*Vice President*—BARBARA WHITAKER

*Secretary*—PRISCILLA BRESNAHAN

*Sergeant-at-Arms*—WALTER DOANE

**T**HE Commercial Club, under the direction of Miss John, has had an instructive and informative year.

The object of the Club is to give its members a better idea of the practical and social side of business through talks by successful business people, members of the Club, moving pictures, plays, and outings.

An innovation this year has been the publishing of the Club paper *Commercial Lites*, edited and mimeographed by the staff.

## Science Club

**T**HIS year the Science Club has studied a variety of entertaining subjects. Mr. Kimball, a member of the Beverly High School faculty, gave a very interesting talk on minerals, and showed many specimens which he has collected. Mr. Duncan, a former member and President of the Science Club, presented an interesting talk and demonstration on Photography, which is his hobby. The club, directed by Paul Raymond, a past President, made a general study of Organic Chemistry. These are examples of the Science Club meetings.

As a project this year, the club is going to investigate the possibilities for improving the appearance of a very interesting and valuable mineral exhibit which this school possesses. This exhibit has been neglected for many years. It is the intention of the club to repair the show cases, to clean and label the minerals, and otherwise to present the exhibit in such a way that it will be appreciated by the faculty and students.

## The Slide Rule Club

FIFTEEN men, eager and earnest, joined the slide rule club at the beginning of the year. Under the capable tutelage of their esteemed *pedagoguess*, Miss Hett, and the guidance of those two student semi-geniuses, Paul V. Raymond and Richard A. Roundy, Jr., the fifteen students valiantly struggled with the rudiments of slide-rule sliding.

Some provided their own weapons; the others were armed from the club's supply of rules.

Starting with examples of multiplication and division, they worked up to square and cube roots. They finally reached into the realm of trigonometry; sines, cosines, tangents, and secants.

During the meetings, problems are given the erstwhile sliders by the demon dispensers of subjects mathematical, Raymond and Roundy. Some of these examples are complex, incorporating several of the principles taken up; i. e., the square root of  $((224 \times 5.56 \times 7122) \div (25.62 \times .577))$ . These are worked out and corrected in class, technique is brushed up, speed and accuracy are fostered, and outside practice is urged.

The skill to be derived from what is taught in this club is of great aid in mathematics, especially for college work.

## The Photocraft Club

*President*—ANDREW OBERG  
*Vice-President*—DONALD MARLEY  
*Secretary*—MARTHA RILEY  
*Treasurer*—RICHARD COULTS  
*Adviser*—MR. NUTTING

ONE of the most interesting and instructive clubs of the school is the Photocraft Club, sponsored by Mr. Nutting.

The main purpose of the club is to learn the correct use of the camera as well as the developing and printing of films.

In the fall, members of the club can be seen at the Beverly High Football games taking moving pictures of the game. This year the Marblehead game was photographed in technicolor. At the meetings of the club these pictures are shown on the screen.

Eastman Kodak lectures are prepared and given by different members of the club; demonstrations of the use of the camera and the re-printing of films are shown; Mr. Pierce gave an illustrated talk on the latest thing in cameras. All made the year interesting.

This year as in the past, a group of the members was selected to operate the motion picture equipment used in connection with the Visual Education program of the school.

## Boys' Rifle Club

*President*—WILLIAM GOLDSMITH

*Treasurer-Secretary*—JOHN BOWLES

*Adviser*—MR. HOWARD

THE members of the Boys' Rifle Club under the direction of Mr. Howard have had a very successful year.

They have changed their rifle range to make it safer, by the addition of steel plates.

The rifle club is a valuable asset to these boys because of its teachings. It teaches the boys the dangers and workings of small firearms, and the laws governing their use. It teaches Sportsmanship, and also teaches the conservation of wild life.

The boys also have been initiated into the beauty and duties of camp life. Here they study sanitation and first aid.

The boys are looking forward to many pleasant hours on the range, and in camping out.

## Current Events Club

*President*—JOHN CLARK  
*Secretary*—LUCILE CLARK

**T**HIS year a new club, the Current Events Club, was organized under the guidance of Miss Tasker. In this club, events that are on the lips of every one at the time are discussed. Thus there is an interchange of ideas which is very helpful.

In the course of the year, every member has had opportunity to plan at least two programs. Some of the most educational and interesting discussions have been on the Pan-American Conference, the Munich Agreement, and Modern Russia.

Besides taking trips to hear such people as Professor Dr. Haas of Harvard and Dr. Edward Benes, former president of Czechoslovakia, the club has had the opportunity to have, as guests, interesting speakers, including Rev. Paul S. McElroy, who has traveled widely and taught in the University at Cairo, Mr. Carl Belmore, head of our history department, and Mr. Chandler Bigelow, member of the Massachusetts Senate.

## Sophomore Class History

By EDWARD HOLMES

AT last the all-important day had come. We were to enter the remarkable institution known as Beverly High School and discover for ourselves whether the many exciting stories concerning the teachers, Mr. Pierce, the lockers, the cafeteria, and other parts of the school were true. Although, by good luck, we were the first class technically to escape being "freshmen," we were certainly to be considered as such by the supercilious seniors who seemed to possess an extraordinary knowledge of the whole school. Although new to the school, and considered quite "green" by the more experienced students, we soon untangled the maze and settled down to work.

In October we were organized, with Miss Wolfe as Class Adviser. Under the supervision of the Student Council, we elected the following officers: Lawrence McLean, President; Prudence Preston, Vice-President; Priscilla Chapman, Secretary; Frank Cronin, Treasurer. Dorothy Naugler has since replaced Priscilla as secretary, Priscilla having moved to another city.

We found that one of the best phases of our new school life were the frequent dances; and although we, as a class, did not conduct any, we certainly enjoyed attending the others. In these activities, as in the others, we quickly learned the latest techniques from the all-knowing upper classmen.

In spite of the fact that we were somewhat ignored by our more elderly friends at the beginning of the year; we suddenly realized, towards the last of November, that we were an important part of the school; for we received frequent appeals, urging us to support the approaching Dramatic Competition. For our contribution to the Drama Night we presented a roaring comedy, *The Pampered Darling*. The cast, which did an excellent piece of work for Sophomores, was as follows: Carolyn Story, Mary Hopkins, Dorothy Naugler, Thomas Casey, James Murphy, Barbara Ginsberg, Gladys Tyldsley, Barbara Bradshaw, Frank Cronin, Jack Conley, and Fred McCarthy. Carolyn Story was given the gold pin for the best acting in our play.

The Sophomore basketball team, consisting of George Dinerman, Howard Grant, Winslow Morrison, Thomas Bresnahan, and William Price, made a fine showing in many of the second team games.

Many Sophomores were on the football squad and should do well in the next two years. Judging from their work on the track teams, we may expect a large number of future stars.

Another outstanding achievement of the Sophomore Class has been the prompt payment of dues. The campaign met with so fine a response from the members of the class, that an unusually large amount of money was collected.

In March we elected Frank Cronin, Lawrence McLean, Prudence Preston, Richard Southwick, Thomas Stott, and Janet Wallace to the Student Council.

Upon reviewing our activities during the past year, we can truthfully say that we have made great progress since that memorable day in September.

## History of the Class of 1940

By RUTH DUCHARME, *Secretary*

UNDER the expert guidance of Miss Alice Chynoweth, our Class Adviser, we have had two very enjoyable years at Beverly High School.

On Drama Night of 1937, when we were only sophomores, our class presented a one-act farce entitled, *The Eligible Mr. Bangs*. Those taking part in it were as follows: Paul Kearns, Cynthia Hall, Margaret Killcoyne, and Edward Hoy. Cynthia Hall received the individual prize for being the best actress in the play.

In March, 1937, the nominating committee was busy selecting candidates for class elections. On March 29 when the class voted, the results were: Paul Kearns, President; Priscilla Roundy, Vice-President; Ruth Ducharme, Secretary; and Margaret Killcoyne, Treasurer. The committee chairmen elected were as follows: John Davey, Nominating Committee; Frank Harrington, Social Committee; William Hayes, Student Service Committee; and Raymond Overberg, Executive Committee.

The next great event was the election of Student Council members. The persons elected were: Paul Kearns, Alice Standley, Courtland Brown, Philip Fowler, and Priscilla Roundy.

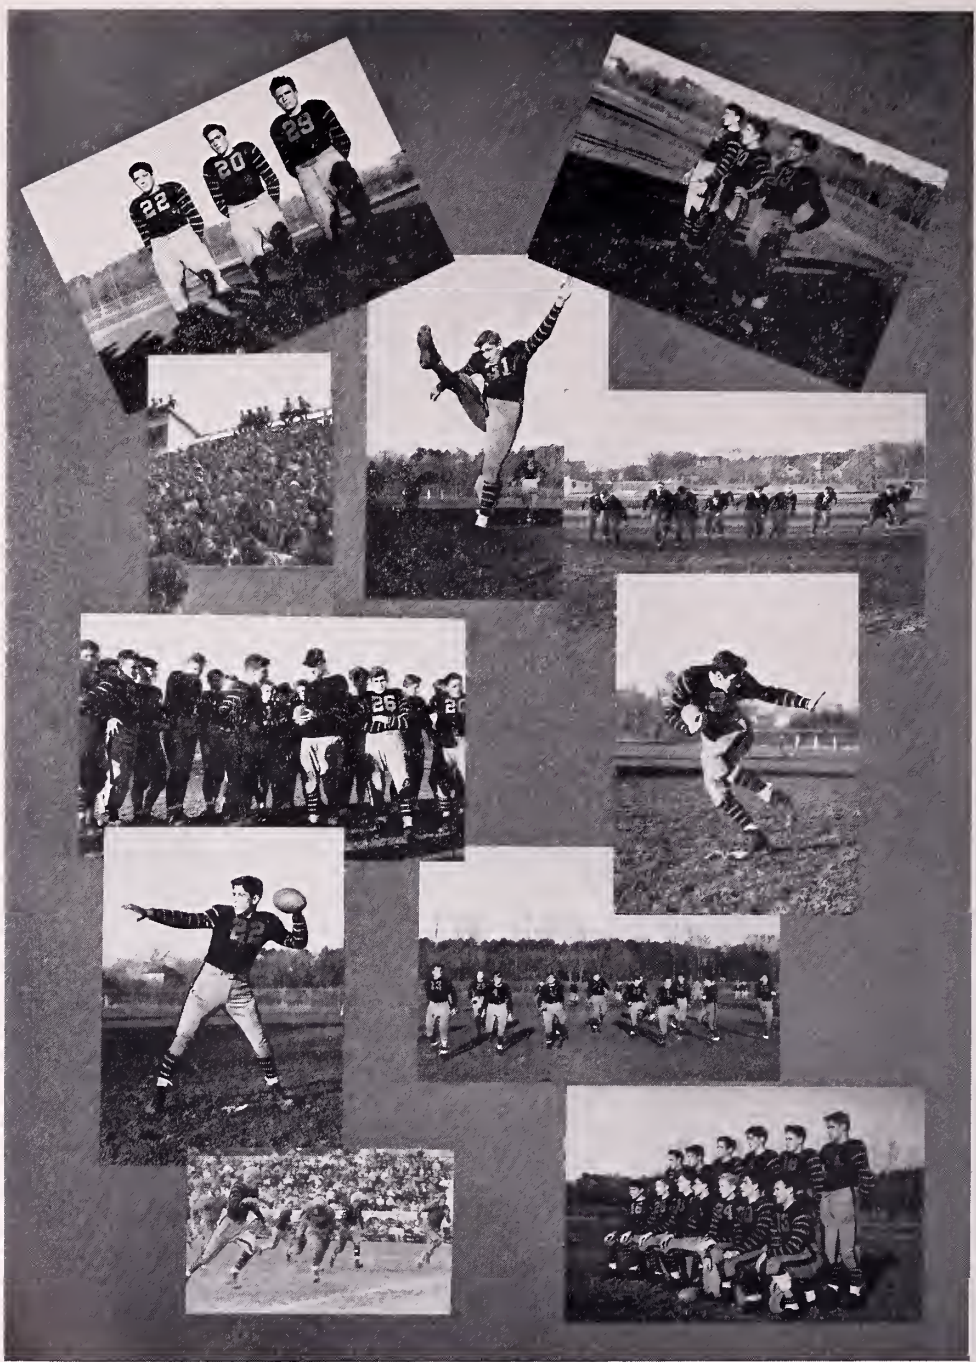

When school started again last year, the Juniors looked forward to Drama Night. This time our class won the banner for the best performance. Cynthia Hall won the individual prize for the second time. Margaret Killcoyne, Priscilla Roundy, Whitney Patch, Paul Kearns, Robert Reardon, and Richard Knight also took part in our production, *Bargains in Cathay*.

In the fall of 1937 a group of basketball hopefuls from our class were displaying their talents to Coach Rudkin. From this group, Coach Rudkin picked seven boys who were used that year as substitutes for the second team. This year, this team, along with two other Juniors, fully met the requirements for the regular second team and won first place with Salem in the Essex County League of second teams. These boys, all being Juniors, are anticipating with eagerness next year's basketball season.

The Juniors were all pleased with the success of our football and spring social and are looking forward to returning next fall as members of the Senior Class.

This year the *Aegis* Staff contributed five hundred dollars to the Beverly High School Scholarship Fund. Every June two dollars and fifty cents is given as an award for the best written article. ## Football

A FOOTBALL squad riddled by graduation appeared at the Hurd Stadium last September to commence practice. With only two first team men, Captain Joe Benedetti, and Meryll Frost returning, the outlook was not too good. However, outdoing all expectations, Coach Richardson and Assistant Coach Pelonzi moulded an inexperienced and light team into a spirited aggregation of which Beverly High School had reason to be proud. In several of the games Beverly outplayed its opponents as can be seen by the statistics of each game. The team won three games, tied three, and lost four.

## Girls' Athletic Club

*President*—AGNES MARTIN

*Vice-President*—DOROTHY NAUGLER

*Secretary*—EDITH POWERS

*Chairman of the Programs*—PRISCILLA WILMOT

**A** NEWLY formed club this year, the Girls' Athletic Club, has as its aim promotion of sports among the girls. It has as its director, Miss Eva Teague. The president is Miss Agnes Martin, a runner of renown.

The programs have consisted of movies, speakers, and instruction on sports. Among the speakers have been Miss Marian McKean, U. S. Amateur Champion Skier, and Miss Lillian Harvey of the Beverly High School faculty, who showed movies of her hiking trip through the Rockies.

A Field Day has been planned and committees appointed to organize the program.

The club has sponsored among other things, skating, skiing, bowling, swimming, and bicycling.

## Girls' Basketball

*Captain*—BARBARA WALLACE

*Manager*—IRENE GODBOUT

*Assistant Manager*—MILDRED HANSEN

THE girls' varsity basketball team for 1939 made an excellent showing, winning six out of eight games. Despite the fact that they started the season with a defeat of four points, by Marblehead, the girls managed to finish the season with an average of 88% games won. The only other defeat was again by Marblehead, Beverly losing by two points. The girls this year played a new type of basketball—two court. Miss Teague did very fine work in coaching the girls in the new type of basketball.

Captain Barbara Wallace made an excellent leader, averaging 17 points a game; Edith Powers also averaged 17 points each game. Nellie Charzun, the other forward, averaged 9.5 points a game.

The second team, the majority being inexperienced, displayed fine work, winning 56% of their games. Miss Ida Gangemi, the star forward of the second team, with an average of 12.8 points a game, was elected next year's varsity captain.

## Cheerleaders

THE cheer leaders are most important during our football season. Without them much of the color and liveliness of the games would be missing.

Early in the fall under the direction of Miss Teague, these loyal students who give their time to the help football team and school spirit, are selected from numerous candidates. Like the players, they must practice long hours with their coach, Miss Teague, for they must attain perfection in songs, cheers, and rhythm. All this work is essential; for with the players, the crowd, and the band,—the cheerleaders make the game.

## Golf

WITH six returning veterans of last year's team, Coach J. Edward Carroll looks ahead to an equally great team. His sextet of a year ago finished as runner-ups in the State Scholastic Championship. Led by Captain Edward O'Brien, the veterans are Richard Thissell, Frank Harrington, William O'Brien Robert Mounsey, and Allen McKechenie. As this article went to press, Coach Carroll was busy looking over his twenty-one candidates.

# *Boston*

All the education one gets is not from books; nor is all business training found in the class room.

For that reason a large city, especially one where you may intend to work later on, offers advantages far greater than the disadvantage of distance.

You have an opportunity to observe business and office workers, and to meet and learn from people coming from other cities, states and even other countries.

Then, when you combine this with attending an up-to-date business and secretarial school with 74 years of educational experience—and one that has a Placement Department that has many more calls than graduates—you receive a business training that assures you a job and later advancement.
